#### SAN FRANCISCO REPUBLICAN PARTY URGES INSTANT FACT CHECKERS FOR NEWSOM DEBATE

SAN FRANCISCO, NOVEMBER 7, 2023 – In a resolution approved at its November meeting, the San Francisco Republican Party urged Fox News and Sean Hannity to have onsite fact checkers as a countermeasure to Gavin Newsom’s attempts to rewrite his record at the November 30 Newsom-DeSantis debate.

“Governor Newsom has lied about his record on Covid, taxes and even reneged on promises made to the San Francisco Republican Party,” said John Dennis, Chairman of the San Francisco Republican Party.

“Governor Newsom alone made the ordered churches and schools shut down while leaving liquor and cannabis stores open during Covid. And he’s now pretending those weren’t his decisions,” said Dennis.

The resolution points to Newsom’s recent attempts to rewrite history and asks Fox News and debate sponsors to have onsite, certified fact checkers.”

“Today’s UC Berkeley/LA Times poll revealed Newsom’s approval has hit an all-time low in California. A November 30 debate fact checker will likely show why Californians overwhelmingly disapprove of Governor Gavin Newsom,” said Dennis.
