

SFGOP Scott Wiener Gender Resolution

Resolution

WHEREAS State Senator Scott Wiener (D-San Francisco) has authored legislation making California a transgender “sanctuary state” for minor youth, encouraging early-age medical gender transition while undermining parental authority;

WHEREAS the current gender dysphoria movement is a socially and physically destructive cultural trend based on in-group pressure and false consensus, not truth or science;

WHEREAS minor children do not have the judgment necessary to make important, irreversible life decisions, much less regarding the subject of gender transition;

WHEREAS 86% of transgender youth consider suicide and 56% attempt it, making absurd the notion that transitioning a child has any true long-term health benefits;

WHEREAS the vast majority of youth experiencing gender dysphoria outgrow the idea in early adulthood;

WHEREAS there is enormous inappropriate pressure by the San Francisco School Board and the California Education Code to encourage schools to immediately begin socially transitioning the youth regardless of their age;

WHEREAS many distressed and depressed kids are prime candidates for sexual exploitation and indoctrination by over-zealous social-justice warrior teachers;

SFGOP Scott Wiener Gender Resolution

WHEREAS many adults who were convinced to transition as adolescents are now expressing regrets as adults (known as de-transitioners) and these de-transitioners are being silenced by a radical and militant trans community and their allies;

WHEREAS children naturally become more comfortable in their bodies with age and need to be protected by all adults during this fragile phase of life;

WHEREAS Sen. Wiener represents San Francisco in the California senate and his views on gender do not represent San Franciscans;

WHEREAS Sen. Wiener has passed legislation that removes parental rights over youth gender transitioning;

BE IT RESOLVED that the San Francisco Republican Party (SFGOP) believes in parental responsibility as a key component in the creation of a healthy society, not the elevation of social-justice activism above all else;

BE IT RESOLVED that the SFGOP condemns the promulgation of transgender ideology among kids, affirms parental authority, and opposes making California a transgender “sanctuary state”;

BE IT RESOLVED that the SFGOP condemns the use of puberty blockers for and the mutilation of minor children;

BE IT RESOLVED that the SFGOP flatly rejects Sen. Wiener’s pretense that opposition to the above legislation is a reflection of prejudice against gay or transgender people as a whole;

BE IT RESOLVED that the SFGOP stands firmly opposed to all of the aforementioned legislation, will work to reverse it, and will lobby against any similar bills from Sen. Wiener, or any legislator, going forward.
